

CURRICULUM VITAE ET STUDIORUM
Leonardo Macelloni, Ph.D.
915 Old Taylor Rd., Oxford (MS), 38655 USA
E-mail leonardo.macelloni@gmail.com

Personal information

Date of Birth 9 August 1975
Gender Male
Marital Status Unmarried
Citizenship Italian
Hobbies reading, cooking, traveling

Actual Position

Research Associate National Institute for Undersea Science and Technology (NIUST), and National Center for Physical Acoustic (NCPA) University of Mississippi.

Education

2005 Ph.D. in Earth Science with emphasis in Applied Geophysics.
La Sapienza" University of Rome, Department of Earth Science, School of Science "Dissertation: High-resolution marine digital seismic method: theoretical constraints, digital processing, new developments.

2001 Master of Science in Geology *summa cum laude*
"La Sapienza" University of Rome, Department of Earth Science, School of Science University of Rome. Thesis: Analysis and interpretation of gravimetric and magnetic data collected off shore Magdalena River (Colombia, Caribbean Sea).

Professional Experience

2012-2014 Senior Geophysicist
Schlumberger Geosolution. Schlumberger House, Buckingham Gate RH6 0NZ Gatwick West Sussex. U.K.

- Led Geophysical team working on two contracts with BP and Statoil to characterize subsidence and fractures generation in two carbonate reservoirs in the North Sea (Vahall and Oseberg) using time lapse 4C seismic data.
- Act as liaison geophysicist between the Geosolution Data Processing and Research and Development groups.
- Train and mentor junior personnel

2005-2012 Research Assistant Professor
Mississippi Mineral Resources Institute. School of Engineering; 111 Brevard Hall, The University of Mississippi, 38677 (MS).

- Research in the use of geophysical and acoustical methods for characterize carbonate\hydrates mounds and natural hydrocarbon leakage in the Gulf of Mexico.
- Responsible for projects and direction of the Seafloor Mapping program in the Seabed Technology Research Center

- Directed the graduate research for 10 students from University of Rome and the University of Mississippi
- Led cooperative effort with University of South Carolina to characterize the geology of MC118 subsurface
- Leader of NIUST Seafloor Mapping Initiative
- Leader of the Mapping Team of the Ecosystem Impacts of Oil and Gas Inputs to the Gulf (ECOGIG). The ECOGIC is one of the 8 Research Consortia awarded by the Gulf Research Institute (GRI) to study the long term impact of the Deep Water Horizon Oil Spill in the Gulf of Mexico.
-

2005 Researcher Associate (Post Doc)

Applied Geophysics Lab, Department of Hydraulic, Transportation and Road, School of Engineering, "La Sapienza" University of Rome

- Use of geophysical methods for archeological investigations

Sabbatical/short staying

2014 -2015 Marie Curie Fellow IGAG CNR Rome Italy.

- Leading the European Union Flagship project on the characterization of marine geo-hazard features (i.e. landslide, canyons and tectonic active faults) using near-seafloor geo-mechanical Analysis and elastic wavefield seismic stratigraphy derived from 4C Seismic Data

Fall 2011 Visiting Scientist Exploration Geophysics Laboratory, Bureau of Economic Geology, University of Texas at Austin.

- Led the University of Mississippi component of analysis of ocean bottom seismometer data from the Gulf of Mexico gas hydrates observatory

Summer 2007, summer2009 Visiting Professor Department of Earth and Ocean Science University of South Caroline, Columbia South Carolina.

- Joined the Geophysical Exploration Lab, to train students in integrate multiple resolution seismic data.

Fall 2008 Visiting Professor Earth Science Department "La Sapienza" University of Rome

- Conducted research on define and image the prominent marine geo-hazard features along Italian coasts.

Teaching Experience

2012/2014 Instructor of a 2 weeks course in "Introduction of seismic multicomponent data processing" for the new hires in Schlumberger Geosolution

2011/2012 Lecturer, Department of Geology and Geological Engineering, School of Engineering, University of Mississippi. Taught graduate level course in Marine Geophysics

2004/2005 Instructor of Applied Geophysics for the Master in Environmental Engineering, School of Engineering. La Sapienza University of Rome

2003/2004 Instructor of Marine Geophysics for the Bachelor of Natural Science, School of Science La Sapienza University of Rome.

2002/2003 Instructor of Geology 101 for the Bachelor of Natural Science, School of Science La Sapienza University of Rome.

2005-present Adjunct Faculty Department of Earth Science, La Sapienza University of Rome.

Record of research funding

- Utilizing Acoustic and Geophysics Technology to Assess and Monitor Watersheds in the United States. Funded by United States Department of Agriculture, total grant \$ 670000, (2016-2017). P.I. Craig Hickey, Co P.I.: B. Goodwiller, Z. Lu, W. Carpenter; L. Macelloni.
- Gulf of Mexico Seafloor Observatory: A Remote Station to Monitor the Gas Hydrate Stability Zone in the Northern Gulf of Mexico Funded by US DOI BOEM, total grant \$1.025 Million (2010-2015). Principal Investigator Carol B. Lutken, Macelloni L, and McGee T.M.
- Characterization of marine geo-hazard features (i.e. landslide, canyons and tectonic active faults) using near-seafloor geo-mechanical Analysis and elastic wave-field seismic stratigraphy derived from 4C (CaGeo4C). Awarding Institution: European Union under FP7-People - Co-funding of Regional, National and International Programmes, GA n. 600407 and RITMARE Flagship Project. Grant amount and year. € 120.000, 2014-2015. P.I. Leonardo Macelloni
- Temporal Characterization of Hydrates System Dynamics beneath Seafloor Mounds Integrating Time-Lapse Electrical Resistivity Methods and In Situ Observations of Multiple Oceanographic Parameters. Awarding Institution U. S. Department of Energy National Energy Technology Laboratory FY 2012 Methane Hydrate Program Addressing Topic Area 2, Response of Methane Hydrate Systems to Changing Climates Funding Opportunity, DE-FOA0000668. Grant amount \$ 1.2 Million (2012-2015). PI Leonardo Macelloni, Co-PI: Carol Lutken, John Dunbar Paul Higley
- Near seafloor geology at MC118 using converted shear-waves from 4C seafloor sensor data. Funded by DOI NETL, total grant \$90000, (2011-2012). Principal Investigator L. Macelloni, Co-P.Is. B. Hardage and C. Lutken
- Integration of Multiple of Geological and Geophysical Methods to advance Shallow Subsurface Characterization at MC118. Funded by US DOI NETL, total grant \$ 350000. (2010-2011).Principal Investigator L. Macelloni, Co-P.I. C. Lutken.
- Connecting the historic 2011 Mississippi River flood to marsh sedimentation on the Delta. Funded NSF Rapid, Total Grant \$ 50000 (2011-2012). PI: Douglas J. Jerolmack, Co-PIs: Carol Lutken, Leonardo Macelloni, Karen McKee and Benjamin Horton.
- Creation of ultra-high resolution multibeam sonar images targeting deep sea coral habitats in Hudson Canyon. Funded by NOAA (2010). Total grant \$ 208.000. Principal Investigator Vince Guida NOAA NMFS, Co P.I. Rona P. Scranton and Macelloni L.
- Core Sampling at Selected Sites East of the Saint Bernard Shoal Sand Body, Offshore Mississippi. Funded by MMS and USGS. Total Grant \$ 30000 (2008-2009). P.I. C.B. Lutken Co-P.I. L. Macelloni
- Geological and Geophysical Baseline Characterization of Gas Hydrates at MC 118, Gulf of Mexico. Funded by Department of Energy. Total grant \$ 284000 (2009-2010). Principal Investigator Camelia Knapp, University of South Carolina: Co-P.I. Knapp J.H. Macelloni L.
- Processing and Interpretation of TGS-NOPEC Industry Seismic Data and Integration with Existing Surface-Source/ Deep-Receiver (SSDR) High Resolution Seismic Data at MC118, Gulf of

Mexico. Funded by Department Energy. Total grant \$ 200.000 (2008-2009). Principal Investigator Camelia Knapp University of South Carolina, Co-P.I. Knapp J.H and Macelloni L.

Scientific activity within International projects and partnership

- Italian Project “Individuation and evaluation of sand deposits for the Lazio and Tuscany beach nourishment”; funded by Lazio and Tuscany Department of Tourism. Responsible Prof. G.B La Monica and Dr. F.L. Chiocci (1999-2007).
- International Project “International Geological Correlation Program 464 “Continental Shelves during Last Glacial Cycle”, funded by Unesco. Project Leaders: Dr. F. L. Chiocci, Dr. A. Chivas (2001-2005).
- Italian Project “Knowledge of the Italian Volcanoes submarine portions and evaluation of the potential volcanic hazard”; funded by Volcanology National Group. Responsible Dr. F. L. Chiocci (2002-2004).
- Italian Project: “Study of the landslide and tsunami event occurred in Stromboli Island on December, 30, 2002”; funded by National Agency of Civil Protection. Responsible Dr. F.L. Chiocci (2003-2005).
- Italian Project “Bathymorphologic and seismostratigraphic study of Tiber River riverbed”, funded by Tiber River Hydrographic Office. Responsible Prof. M. Bernabini (2005-2007).
- Italian Project “Marine Geo-hazards along the Italian Coasts (MAGIC)” Project funded by Italian Civil Protection Agency, P.I. Dr. F.L. Chiocci (2007-2011)

Students tutoring: Master Degree Dissertation advisor:

2006 Marco Ciccari. Master of Science in Environmental Engineering (La Sapienza University of Rome).

2007 Simona Caruso. Master of Science in Geology (Exchange Student “La Sapienza” University of Rome).

2008 Mariangela Lodi. Postgraduate Scholarship (Exchange Student “La Sapienza” University of Rome).

2008 Justin Janaskie, Master of Science Geological Engineering University of Mississippi

2009 Antonello Simonetti. Master of Science in Geology (Exchange Student “La Sapienza” University of Rome).

2010 Martina Pierdomenico. Master of Science in Marine Science (Exchange Student “La Sapienza” University of Rome).

2010 Michela Ingrassia. Master of Science in Marine Science (Exchange Student “La Sapienza” University of Rome).

2011 Marco Pizzi Postgraduate Scholarship (Exchange Student “La Sapienza” University of Rome).

2014 Alessandra Conti Master of Science in Marine Science (Exchange Student “La Sapienza” University of Rome).

2014 Francesca Marra Master of Science in Marine Science (Exchange Student “La Sapienza” University of Rome).

2015 Francesca Battaglia Master of Science in Exploration Geology La Sapienza University of Rome

2015 Paola Cucuzza Master of Science in Exploration Geology La Sapienza University of Rome

2015 Daniele De Marco Master of Science in Exploration Geology La Sapienza University of Rome

Professional Recognitions, Contributions, and Education

2012 Invited key note Speaker USGS-CUAHSI-SOS Workshop on Sediment Hydroacoustic Techniques in Rivers and Streams

2012 Co-Organizer Marine Gas Hydrate Deposits: Research, Monitoring Strategies and Present-Day Knowledge Session. Ocean Sciences Salt Lake City, USA

2010 Invited Speaker Department of Earth and Ocean Sciences. University of Victoria British Columbia Canada.

2009 Invited Speaker Laboratory for Modeling and Scientific Computing MOX Politecnico di Milano.

2007 Invited Speaker U.S. Army Corps of Engineers, Vicksburg MS, USA.

2006 Invited Speaker Naval Research Laboratory Stennis Space Center MS, USA

2009-2012 Serve as judge in the Oxford High Schools Science Competition

Awards and Honor

2014 European Union Marie Curie Fellowship Co-Fund Action Experienced Researchers

2013 Schlumberger Petro Technical Expert (PTE) Level I

2011 "Top 10 "best Poster presentation AAPG International Meeting and Exhibition, Milan Italy

2010 The Gulf Coast Association of the Geological Society (GCAGS) Grover E. Murray Second Best Published Paper Awards

2008 US NSF fellowship to attend IEEE/OES Chile-US Workshop on Ocean Observation Systems, Working Group on Observation and Assessment of Gas Hydrates in the Coastal Ocean, Vina Del Mar, Chile, 4-7 Nov., 2008.

Technical skills

Excellent knowledge of Windows and Linux operative systems

Excellent knowledge in seismic data processing and interpretation software (Promax, Omega, Petrel Kingdome Suite)

Excellent knowledge in multibeam data processing and Digital Terrain Model generation (Caris HIPS SIPS, Surfer, Global Mapper, Flidermouse).

Excellent knowledge in Side Scan Sonar data processing

Good knowledge in scientific programming language (MatLab, Fortran)

Very Good knowledge in GIS and Cad GIS software (Archview, Microstation, AutoCAD, AutoCAD Map).

Language skills

Italian: native speaker, English: excellent (reading, speaking and writing), Spanish: elementary.

Courses and Training.

Advanced Multibeam data processing. Intensive Training Class of Caris HIPS and SIPS.

AAPG Predicting gas hydrates using pre-stack seismic and LWD data in deep water Gulf of Mexico.

Omega Seismic Data Processing Software Advance Training, (certified)

Petrel advance training (certified)

Professional Affiliation

American Geophysical Union (AGU), Geological Society of Italy (SGI), Italian Group Earth Solid Geophysics (GNGTS), Mississippi Academy of Science (MAS), Society of Exploration Geophysics.
